

FIG 1

FIG 2

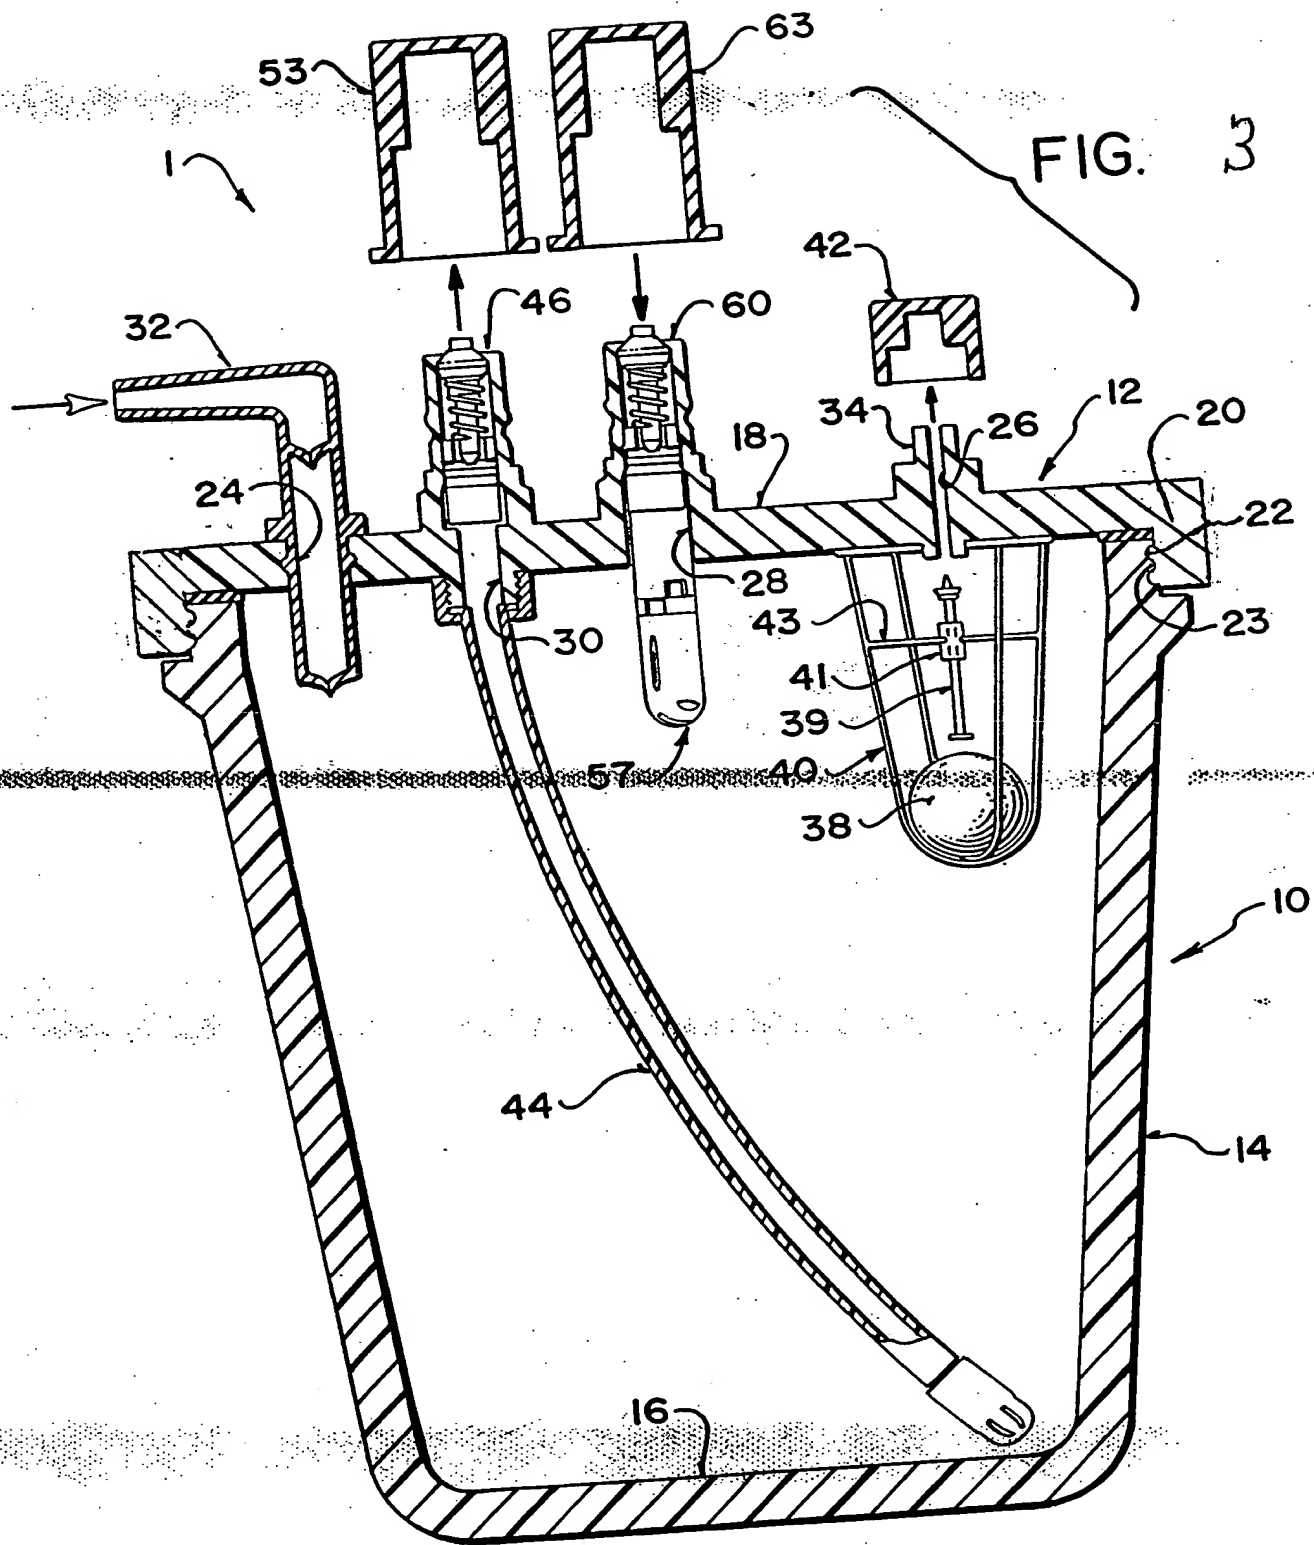

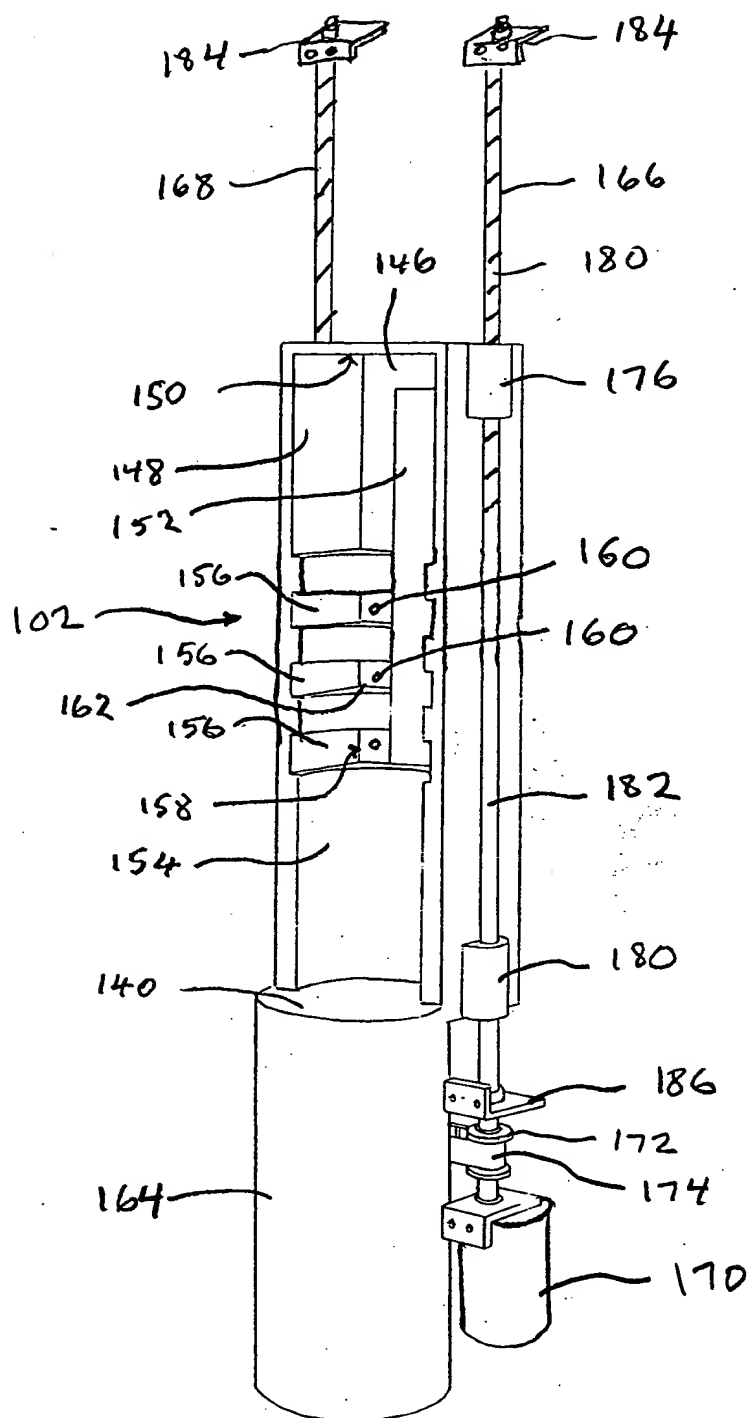

FIG 3

A schematic diagram of a vertical assembly, possibly a mechanical or structural component. The diagram includes the following labeled parts:

- 144**: A vertical line or rod at the top of the assembly.
- 152**: A horizontal line or flange below 144.
- 134**: A vertical line or rod passing through the center of the assembly.
- 156**: A horizontal line or flange on the left side, intersecting 134.
- 136**: A horizontal line or flange on the left side, below 156.
- 70**: A circular feature or hole in the center of the assembly.
- 140**: A horizontal line or flange below 70.
- 164**: A horizontal line or flange at the bottom of the assembly.
- 142**: A horizontal line or flange at the very bottom of the assembly.
- 138**: A small rectangular box with horizontal lines inside, located to the right of the central assembly.
- 130**: A horizontal line or flange on the right side, pointing towards the central assembly.
- 101**: A horizontal line or flange at the bottom right of the diagram.
